

MUCYO FABRICE

Kicukiro, Kigali, Rwanda | +250 791 762 929 | mucyofabrice9@gmail.com | github.com/FabriceMUCYO

PROFILE

University student studying Software Engineering, with hands-on experience in computer security, data analysis, and building websites and online systems. I enjoy solving problems, learning new tools quickly, and working carefully to get things right. Comfortable working independently and picking up new skills on the job.

EDUCATION

Adventist University of Central Africa (AUCA): BSc in Software Engineering, ongoing

2024 – Present

Nyamata High School : A2 Certificate, Mathematics, Chemistry and Biology

2020 – 2023

SKILLS

Computer Security: Testing computer systems to find and fix weaknesses before they can be misused; setting up and managing computers safely

Data Analysis: Organizing and cleaning data, building charts and dashboards, and using data to spot patterns and trends

Web & App Development: Building websites and online systems, including forms, record-keeping tools, and simple databases

Other: Graphic design, Microsoft Office and Google Workspace, teamwork and communication

CORE STRENGTHS

Problem-solving, attention to detail, clear writing and explanation, time management, and communication built through freelance client work and customer-facing roles.

WORK EXPERIENCE
